

LMCD Receipt # _____

**TEMPORARY LOW WATER VARIANCE
FOR TEMPORARY DOCK EXTENSION PERMIT APPLICATION**

Because this form is to be copied, please use black ink or type. The form may be filled out online and printed.

During periods when the lake level falls below 928.0 feet and when so declared by resolution of the Board, the Executive Director may issue permits for temporary dock extensions beyond the authorized dock use area. This application is being made pursuant to LMCD Code §1.07, Subd.9, Temporary Low Water Variances.

The person completing this form is the **authorized agent** or **property owner** (check one).

City, State, Zip: _____

Phone: _____ Fax: _____ Email: _____

Property Owner (if different from applicant): _____

Address _____

City, State, Zip: _____

Phone: _____ Fax: _____

PROPERTY LOCATION

The property is located in the City of: _____

The property is riparian to LMCD bay/area(s): _____

The following must accompany this application:

- A) Locator Map
- B) County plat of area
- C) Site plan of present dock and water depths.
- D) Site plan with proposed temporary dock extension and water depths.

1. Type of Facility (Please check one):
- | | | |
|------------------------|-----------------------|-------------------|
| Out lot Association | Municipal | Commercial Marina |
| Multiple Dwelling | Transient | Private Club |
| Single Family Multiple | Other (explain) _____ | |

Temporary Low Water Variance Application

- 2. A. Site lake frontage: _____ feet.
- B. Distance of dock into the lake at 929.4 feet normal high water elevation (before temporary extension): _____ feet.
- C. Depth of water at end of dock. _____ feet.
- D. Distance of temporary extension beyond end of dock to reach navigable water depth: _____ feet.
- E. Total (temporary) distance dock extends into the lake from the 929.4 foot shoreline: _____ feet.
- F. Depth of water at end of temporary extension: _____ feet.
- G. Lake elevation at the time of the application: _____ feet, date: _____
(Call the Minnehaha Creek Watershed District, (952)471-0590 for current lake level or check the web site: www.minnehahacreek.org.)
- H. Describe any temporary change in dock configuration or location on detailed site plan to scale, including all dimensions to show:
 - Property lines extended in the lake.
 - Dock position on site plan
 - Dock setbacks from property lines extended in the lake.

3. Special requirements:

- A. Please indicate the need for the temporary dock extension:

- B. The extension shall be temporary, seasonal-type dock. No extensions may be on pile-driven or permanent year-round docks. Initial here (____)
- C. The extension shall meet all requirements of the LMCD other than the length limitation described in this application. Initial here (____)
- D. The extension shall only be permitted by Board declaration during the time the water level is below elevation 928.0 feet and, at any given time, shall be permitted only to the extent of the equivalent dockage and comparable depth existing at a lake elevation of 929.4 feet. Initial here (____)
- E. The extension, together with the original dock, shall not be used to provide storage space for a greater number of boats or watercraft than are authorized under the LMCD

Temporary Low Water Variance Application

Code or for a greater number of boats or watercraft than are licensed if a license for the dock is required under the LMCD Code. Initial here (____)

I certify that the information provided herein and the attachments hereto are true and correct statements; I understand that any license issued may be revoked by the district for violation of the LMCD Code; and I consent to permitting officers and agents of the district to enter the premises at all reasonable times to investigate and to determine whether or not the code of the district is being complied with.
